- 14. (Confidential JGO) Talked to Miss Justine Snipes, a staff member of the Manpower and Civil Service Subcommittee, House Post Office and Civil Service Committee, who told me that the Subcommittee did not have the executive meeting on S. 782 that was planned for this morning due to conflict of Subcommittee schedules concerning the Postal Reform bill and a meeting with the Rules Committee on the Wage Board bill. Date for the executive meeting on S. 782 has not been determined.
- 15. (Internal Use Only JGO) Talked to Mrs. Cecilia Martin, Administrative Assistant to Representative Eligio de la Garza (D., Texas), concerning correspondence related to Texas, and I told her that we have no record of contact with Agency representatives in Saigon. Mrs. Martin said she felt this would be the case whereabouts. I told her and they have no leads as to unofficially that we had noted discrepancy in the dates provided and that we were requesting a recheck from the field. She thanked me for our efforts and indicated that she will go back to the employer and see if there is more that can be learned from that source. General Counsel,

16. (Confidential - JGO) Talked to NSA, who said that he learned from Representative H. R. Gross (R., Iowa), that the Manpower and Civil Service Subcommittee, House Post Office and Civil Service Committee probably will not hold hearings on S. 782, the Ervin bill, and that it may be some time before the Subcommittee even holds an executive meeting on the bill. The press of other Subcommittee business, such as the Postal Reform bill, is occupying their full energies at this time.
